

I would like to express my comments to you about the radio station with which my family and I support and listen to every day, K-LOVE. We have very little to choose from as far as Christian music is concerned on radio. K-LOVE is commercial free, which we love. The variety is wonderful. I have been through some very difficult times in my personal life and I know for a fact that if it weren't for the music on K-LOVE that had been broadcast at these particular times, I would not have been able to realize what strength I can gain thru the Christian message that was sent. My children also, the majority of what they can listen to on radion is "sex, drugs, and rock 'n roll" and to try and give them a different outlook on life is very important to me as a parent. Music is everything to most teens. The messages coming across to them gives them no hope, no encouragement. But when we listen to K-LOVE, they hear hope, encouragement, that their life has already been reconciled. The world needs and must have more of this type of message if we are to have our children grow up with a Christian outlook on life. We depend on K-LOVE. We must continue having this choice to listen to. Thank you for your time.
